COMPLIANCE REPORT

GOVERNMENT & LEGAL · QUARTERLY

Foreign-worker safety compliance

Aggregated from site-level hazard reports and completed safety-education records · Q3 2026 · 15 sites

15	1,204	100%	31%
Sites reporting	Hazard reports, this quarter	New hires, training on file	Fewer repeat high-severity reports

HAZARD REPORTS BY CATEGORY

Falls remain the leading category, consistent with 2025 national fatality data (MOEL). See knowledge appendix for sourcing.

BASIC SAFETY TRAINING COMPLETION, BY LANGUAGE

CERTIFICATION

This report aggregates only site-level compliance metrics — hazard category, severity, location, and training completion status. Worker-identifying details, including the language used to file a report, are not included and are not exportable through this view, consistent with the platform's access-control design (see Governance model).
